Please fill in your personal information to create your user account for the application portal heiCO. After successfully completing this process you will be able to submit your application for the degree programme you wish to take up. By submitting your personal information you confirm that you have read and accepted the data privacy policy of Heidelberg University.

Please note the following points:

When you have to select the Master degree program, the correct choice is 'Master in Christianity and Culture'. (The reason for this is that our “Master of Theological Studies” technically is a specialization of this program.) Then you can choose one of the Theological Studies options:

- Old Testament
- New Testament
- Church History
- Systematic Theology
- Religious Studies/Intercultural Theology

Please also note that you can upload only one single PDF per field (you can use free software such as the one available at <https://www.pdf24.org>).
